Subject: Missing Inspection Report

I have the file for IAR000007310, Nulex Inc (formerly FILE#IA000639.

According to RCRIS, Diedrel Newsome inspected this facility in September of 1998 but there is no inspection report in the file. Could you please double check the to-be-filed stuff to see if you can locate this inspection report? If not, can Diedrel provide a copy? Thanks. (I'm leaving this file on Lynn's desk on the third floor.)
